Game for mind presented by software for mind ConceptDraw MINDMAP 5

PR9.NET July 30, 2007 - Odessa, Ukraine - CS Odessa announces that its web-based visual logic game Aha! has been optimized to now work on the iPhone. The Aha! game is easy to play but challenging game that features two different skins with attractive animations, adjustable difficulty levels and a high entertainment value.

The ConceptDraw Lab team adapted the original CS Odessa standalone Aha! game and now it works great over the internet with Internet Explorer, Firefox and Opera browsers on Mac OS X and Windows platforms permitting even people who don't have an iPhone to enjoy this excellent free to play game.

"Aha! is the first game ever developed by CS Odessa, a company that is well known for its mind mapping product ConceptDraw MINDMAP." Alexander Tyagulsky, Marketing Manager of ConceptDraw MINDMAP, explains that, "Believe it or not there is a connection between Aha!, the iPhone and ConceptDraw MINDMAP. All three can be used together in creative and innovative ways. It is easy to build a mind map of Aha! winning strategies in ConceptDraw MINDMAP, and then determine the validity of you logic by playing."
