Ford of Ocala, your premium dealer for new and pre-owned Ford vehicles in Ocala, Florida, has announced that Ford's 2008 F-150 truck has new models, features, and options that take it to a new level. For details visit <http://www.fordofocala.com/> or call (800) 292-3338.

PR9.NET August 17, 2007 - Ocala, Florida: Ford of Ocala, your premium dealer for new and pre-owned Ford vehicles in Ocala, Florida, has announced that Ford's 2008 F-150 truck comes with new models, features, and options that take it to a new level proving that it is the most wanted truck today.

With a towing capacity of 10,500-pound payload, the F-150 stands out among its competitors. The best in its segment, the F-150 continues to be strongest and truly leads its class in every aspect. The F-150's fully boxed frame is the strongest in the segment, providing the foundation for improved durability, driving dynamics, ride refinement and quietness. Besides, it is one of the only half-ton pickups to have earned National Highway Traffic Safety Administration's five-star crash rating for both driver and front passenger thanks to a solid structure and rigorous "Built Ford Tough" testing. Combined with fuel-saving engine technologies such as the 5.4-liter 3-valve V-8's variable cam timing, the F-150 gets comparable real-world fuel economy while still delivering class-leading capability.

The 2008 Ford F-150 works even harder and smarter with a factory-installed feature that offers an easy-to-use solution for secure storage of all types of cargo.

The supercharged, 450-horsepower 2008 Ford Harley-Davidson™ F-150 is the most powerful F-Series truck ever and races onto streets. The new limited-edition truck is the third supercharged Ford Harley-Davidson™ F-150, following the best-selling 2002 and 2003 models that were among the more than 60,000 specialty trucks sold since 1999. This supercharged beast is available on both monochromatic and two-toned 4x2 models.

Last but not the least, F-150 offers the industry's widest variety of body configurations, including three cab choices, three box lengths, two box styles and five unique series.
