PR9.NET August 23, 2007 - Nicosia, CY, Cyprus - This back to school season, AVnex Ltd. has targeted students with low cost Movie Morpher and Webcam Morpher products.

"Priced at the lowest \$29.95 for Movie Morpher and Webcam Morpher, and the highest \$49.95 for their Gold editions, we hope that we'll outfit students in their study somehow," said Helen Le, Marketing Manager of AVnex Ltd.

"With our multimedia products, they not only create a video to demonstrate your research better, but also keep in touch with friends, family, and the world on their study break."

The theme for this promotional program is called "Back to school with the right technology".

Movie Morpher Gold is an advanced, full-featured program that enables student filmmakers to do just about anything they want. It can convert video files into a wide variety of supported formats. Moreover, Movie Morpher can modify video input with a variety of video and audio effects then save the morphed movie (video file) in various formats that can later be played in virtually any Windows multimedia software. It can be used to play DVD/ SVCD/VCD, as well as other video formats. Users can capture and save frames from BMP format, and, they can do the same with audio files in WAV format. They can burn multimedia files from their computer to CD-R/CD-RW, DVD-R/DVD-RW with Movie Morpher Gold! They can even create and edit CD/DVD unique and cool-looking covers in no time flat.

With Webcam Morpher Gold, students can choose their favorite "nickface" or disguise their voice using a "nickvoice" and match it to any nickname they may use online, and be a totally different person in live video chat. These features can be invoked just for fun, or to have one's privacy protected. Using webcam, Webcam Morpher Recorder will help students create unique video clips for your video diary. Another use for Webcam Morpher Gold is that of student sentinel. To gain added peace of mind Webcam Morpher Recorder enables them to monitor their home or apartment while they are sleeping or at school. Those are just some of the software's potential uses.
