PR9.NET September 19, 2007 - ROCHESTER, MI - This fall, the aroma, taste and presentation of homemade apple crisp will fill your home without slaving away in the kitchen or sacrificing any of the taste of its homemade goodness. The Skipping Stone, e-tailer of unique gifts, announces the return of its crowd-pleasing Apple Crisp Kit, requiring only water and butter and simple enough to make that the kids or grandkids can help too. Packaged with a great gift presentation, this apple crisp set makes a perfect housewarming, hostess or birthday gift--especially with the autumn and upcoming holiday seasons. The mix has an apple filling with a sweet crumbly crust and bakes in the oven in a red apple-shaped stoneware dish that's also included. After a few minutes, remove from oven and eat as is or top with whipped cream or ice cream for a delicious, seasonal, no-fuss dessert.

The apple crisp set includes an apple shaped baking dish that is approximately 9" round and 2" deep. Buy a few and change things up each time you make it, like adding walnuts or pecans to the crumbly crust. Plus, reuse the apple dish for other things, like a fruit or candy bowl! Retail Price: \$20.95
