

InterviewUp.com Beta Launch

InterviewUp, September 25, 2007

URL: <http://www.pr9.net/comp/science/6408september.html>

Founded in early 2007, InterviewUp (www.InterviewUp.com), is an Internet website that uses advance search algorithms to find interview questions and answers. InterviewUp's platform offers the world one destination where one can ask, edit, update, and comment on all interview questions and answers while sharing the information with the success-minded community.

PR9.NET September 25, 2007 - San Francisco, Calif - InterviewUp.com today announced its Beta Launch of InterviewUp, an Internet website where one can Find, Share, Ask, Answer and Read Job Interview Questions & Answers.

InterviewUp, a Web 2.0 startup, offers Wiki style editing of interview questions and answers. Their proprietary technology provides features such as commenting, tagging, popularity ranking ('UP It'), and printer friendly formatting of questions and answers for offline interviewing practice. The popularity ranking feature helps one to quickly find the most common questions asked in the interview.

"Since the launch of InterviewUp, the response has been absolutely positive. Smart people find InterviewUp the best website for Interview Questions and Answers." - John. Whatever the career path is, InterviewUp has the interview questions and answers for interview success.
