Company increased revenue 2011% in the past 5 years.

PR9.NET October 01, 2007 - Bellevue, WA - Pharmacy OneSource has been named to Deloitte's prestigious Technology Fast 50 Program for Washington State, a ranking of the 50 fastest growing technology, media, telecommunications, and life sciences companies in the region by Deloitte & Touche USA LLP, one of the nation's leading professional services organizations.

Rankings are based on the percentage revenue growth over five years from 2002–2006. Pharmacy OneSource's increase in revenues of 2,011% percent from 2002 to 2006 resulted in a #6 ranking in the Technology Fast 50 for Washington State.

"We believe there is a strong correlation between our placement on Washington CEO's Best Companies list and our recognition by Deloitte and Touche as one of Washington State's Technology Fast 50. Software services are a manifestation of the processes and people driving the company - and ours are top quality," said Keith Streckenbach, Chief Strategy Officer of Pharmacy OneSource. "Given our newest technology, Senti7, and the federal and state mandates on reporting and reducing hospital acquired infections and medication errors, we're confident this is the first year of many on Deloitte's prestigious Technology Fast 50 list."

To qualify for the Technology Fast 50, companies must have had operating revenues of at least \$50,000 in 2002 and \$5,000,000 in 2006, be headquartered in North America, and be a company that owns proprietary technology or proprietary intellectual property that contributes to a significant portion of the company's operating revenues; or devotes a significant proportion of revenues to the research and development of technology. Using other companies' technology or intellectual property in a unique way does not qualify.

"Sustaining high revenue growth over five years is an exceptional accomplishment. We commend Pharmacy OneSource for making the commitment to technology and delivering on the promise of market longevity," said Larry Hile, a Partner in Deloitte's Technology, Media & Telecommunications practice in Seattle. "We are proud to honor Pharmacy OneSource to Deloitte's Technology Fast 50."
