AVnex Ltd. is launching a promotional campaign on their Music Morpher website, www.musicmorpher.com, to celebrate Music Lovers Day, and to thank their loyal customers for their long-time support.

PR9.NET October 09, 2007 - Nicosia, Cy - Since its first release in 2004, Music Morpher software has been making nonstop improvements in both popularity and quality. While this high-tech product has been on top of the music editor software market, its features were continuously improved to satisfy the needs of all music fans. In fact, the latest version of AV Music Morpher Gold, has become the most-wanted software of music fans all over the world.

In support of the idea of making a worldwide musical community, AvNex Ltd decided to discount AV Music Morpher Gold to welcome Music Lovers Day, October 3, 2007, when people can hold a music party or give their dear ones a song or a CD as their gift. According to AvNex Ltd., users can buy this standard product at only \$59.95 instead of the normal price of \$69.95. This means that they can save \$10 on their purchase.

"We will always approve the idea of building and developing a music world, whether it is online or in real life. This is why, on Music Lovers Day, we are giving our customers this opportunity to buy our products at a lower price, in order to make it a really meaningful day," said Louise Anderson, Brand Manager of Music Morpher, "We want to play a key role in helping music lovers make musical gifts for this special day and for their loved ones."

Anderson added, "We've made a virtually unlimited number of coupons available to our customers, and the coupons are valid through the end of October 15th."

To purchase AV Music Morpher Gold, users can visit the Music Morpher website www.musicmorpher.com for more information about this promotion, and should also visit the tutorial at <http://www.musicmorpher.com/free-tutorials.htm> in order to learn how to create impressive gifts for Music Lovers Day.
