Make your presence known with the Challenger Air Horn & On-Board Compressor Kit, new from Stylin' Trucks, the leader in custom truck and SUV accessories.

PR9.NET October 15, 2007 - Independence, OH - Make your presence known with the Challenger Air Horn & On-Board Compressor Kit, new from Stylin' Trucks, the leader in custom truck and SUV accessories.

Each kit includes everything needed for installation on any 12-volt vehicle, including deluxe roof-mounted metal horn with triple chrome-plated trumpets, heavy-duty compressor, tank, hoses, mounting hardware, and instructions.

All moving parts of the air compressor are manufactured to precision tolerances and guaranteed to be maintenance-free. The compressor's motor is computer-balanced, reducing noise and vibration. The kit also includes 20 feet of plastic hose with air fittings to inflate tires, shocks, rafts or any application requiring air. The trumpets are built on a heavy mounting base that secures to the vehicle using four rust-resistant stainless steel bolts.

Please visit www.stylintrucks.com and type "Challenger Air Horn" in the search box.

Specifications:

Horn size: L 17 in. x W 7 in. x H 5 in.

Horn output with 90/100 psi: 125 db

Horn construction: All metal, chrome-plated trumpets
