Correra & Sons today announced the launch of www.LakeNormanPainters.com as an information portal for Lake Norman area homeowners to find information about painting and house washing concerns.

PR9.NET October 19, 2007 - Mooresville, NC - Correra & Sons today announced the launch of www.LakeNormanPainters.com as an information portal for Lake Norman area homeowners to find information about painting and house washing concerns. With articles being added almost every day and an online monthly newsletter of home painting tips the website is anticipated to quickly become Lake Norman's primary resource web site for interior and exterior painting.

Future plans include educational guides on selecting a contractor, professional advice from expert painters, and a question and answer forum for Lake Norman homeowners.

The web site will be an invaluable resource for Lake Norman area homeowners in finding accessible information to address their painting needs. Information will be efficiently categorized for easy navigation.

Michael Tuzeo, president of Correra & Sons stated, "Our goal for the website is to be the best home and family resource guide for assisting all homeowners in the Lake Norman area," "The depth of knowledge and resources www.LakeNormanPainters.com offers is unparalleled."
