Dixon Kirby Company Holiday House to raise funds for the Healing Place Homeless Shelter open for tours: located at 3724 Rolston Drive, Raleigh, NC 27609, showcases finished interiors from Interior Design by Boyles, holiday decor by The English Garden, and original artwork from ArtSource.

PR9.NET December 04, 2007 - Raleigh NC - Custom builder Dixon/Kirby & Company, Inc. has brought together a distinctive group of businesses to showcase a 3,786 square foot home this holiday season in an exciting new community, Ramblewood at North Hills. Uniquely situated in an area known as Raleigh's Midtown, the Dixon/Kirby Holiday House is just minutes from all the convenience and attractions of North Hills: three city blocks of upscale and essential shopping, 25 restaurants and cafes and stellar entertainment.

The Holiday House with its distinctive design, inviting floor plan, elegant interiors and attention to detail establishes the tone of these garden homes in a manner that is similar to the ambience found in communities in Buckhead, Myers Park and Hayes-Barton. The quality and charm of the Dixon/Kirby Holiday Home is further enhanced by the stylish furnishings from Interior Design by Boyles and the stylish holiday decor and floral arrangements designed by The English Garden. Original artwork from ArtSource provides the finishing touch to this unique home.

"We are excited about what this Holiday House represents. Those that tour the house will see how classic designs can be incorporated in an urban setting to create a home that is updated yet timeless, distinctive and singular, and above all, welcoming. The floorplan and finishes make this house as livable as it is lovely, and the large courtyard garden offers privacy in a location that offers the best of in town living and convenience." stated Mark Kirby, Dixon/Kirby & Company, Inc.

The Holiday House will be open to the public from Saturday, December 8, 2007 to January 6, 2008. Wednesday through Saturday, the home will be open to tours from 11:00 AM to 5:00 PM, Sundays 1:00PM to 5:00PM. For more information, please go to www.2007HolidayHouse.com Proceeds from the \$5 admission will go to support the nonprofit emergency shelter and rehabilitation programs in operation at The Healing Place of Wake County.

The Healing Place is dedicated to reducing homelessness and the devastating impacts of addiction. The recovery and rehabilitation program is focused on "Helping People Find Their Way Back" from homelessness and addiction to becoming contributing members of society.

About The Healing Place

The Healing Place of Wake County is a non-profit 501 (c) (3) recovery and rehabilitation facility for homeless people with alcohol and drug dependency. The Men's Center opened its doors in January, 2001, and the Women's Center began operation in January, 2006. As of January, 2007, over 6200 men and women have been provided with more than 360,000 beds of shelter. We have also provided thousands of recovery classes and meetings. The Healing Place offers a shelter, a social detox, and a recovery program all at a cost of less than \$30 per day for each resident. Approximately 70% of the graduates from our program, with a year of post-discharge sobriety, are still sober. The Healing Place of Wake County is built on the principles of the highly successful "Healing Place in Louisville, KY," which received the 1998 US Department of Health Resources and Service Administration "Models That Work Award" in recognition of the success of the program.
