*PREMIER Biosoft International announced its acceptance into the BioIT Alliance enabling the company to leverage its expertise in providing powerful solutions to accelerate life science and biomedical research.*

PR9.NET November 30, 2007 - Palo Alto, California - PREMIER Biosoft International, a leading bioinformatics company and life sciences solution provider, today announced its joining the BioIT Alliance. The BioIT Alliance consists of a cross-industry group of global IT companies, pharmaceutical, biotechnology, hardware and software companies working together to address the needs of the growing life sciences industry.

"We are proud that our expertise in life science software solutions has been recognized and look forward to harnessing the expertise of Alliance in providing even better bioinformatics solutions to our customers.", said Kay Brown, Vice President, PREMIER Biosoft International.

"We are delighted to have PREMIER Biosoft as our member. The BioIT Alliance will benefit from the core competencies and expertise that PREMIER Biosoft has gained from its research and development of bioinformatics tools and contract software development for life science research.", commented Rudy Potenzzone, Industry Technology Strategist for Microsoft and Director of the BioIT Alliance.

###

## About BioIT Alliance
