Quality Week to provide information sharing and best practices platform for AppLabs and partners

PR9.NET December 05, 2007 - Hyderabad, India - AppLabs celebrates 'Quality Week – Kairos 2007' from December 3rd – 7th 2007, which provides an information sharing and best practices platform for AppLabsees and partners. This event has partner representations like IBM Rational, HP Mercury and ISQT, along with AppLabs' senior management and technology experts.

Senior management from AppLabs including Makarand Teje, COO & President, Arun Rao, Vice President - HR, Sai Chintala, Vice President - Technical services, will speak on various issues related to quality, organizational effectiveness and change management. In addition, industry experts including Arun Khannur, Chairman & CEO, ISQT and Srinivasan Desikan, Senior systems Architect, HP (STSD), will share their expertise and insights on various issues affecting quality. Kairos 2007 will also see two of AppLabs' partners, IBM Rational and HP Mercury share their expertise on quality management and test automation capabilities.

'Kairos 2007' provides an excellent platform and a great learning experience to share best practices in the industry. To make this a memorable experience, the event comprises of many exciting activities, challenging and fun-filled competitions to keep the Kairos spirit alive, including 'Find Bugs', 'Lights! Camera!! Action!!!', 'Crossword', 'Riddles' and 'Quiz' during the Kairos 2007.

As the event unveiled, Mr. Makarand Teje President and COO, AppLabs said "We realize the importance of quality in the testing business, hence we have created 'Kairos' as an annual platform to demonstrate our deep knowledge and expertise on this subject. This event is also helping us further strengthen our organization wide employee bonding as an additional benefit."
