Denver Audi dealer to continue focus on high quality selection and availability of Porsche Cayennes combined with professional customer service.

PR9.NET December 13, 2007 - Denver, CO – Prestige Imports today announced its continued focus on offering a wide selection of new and pre-owned Porsche Cayenne SUV automobiles. Prestige Imports located in Lakewood, Colorado is an established Denver area Audi dealer serving the Denver metro and Colorado Front range areas dating back to the 1970s. Prestige Import's inventory of Porsche Cayennes includes access to an extensive selection of new and pre-owned Porsche Cayennes. Prospective Porsche Cayenne buyers are invited to visit Prestige Imports to test drive a Porsche Cayenne of their choice.

The Porsche Cayenne is a mid-size luxury SUV produced by Porsche since 2002. North American sales began in 2003. The Cayenne was not included for the 2007 model year, but has been redesigned for 2008. The 2008 model features a 4.8L V-8 engine. The turbocharged model has extremely high performance for a sport utility vehicle. Reviews indicate that the Cayenne handles remarkably well for a heavy SUV, whilst having a comfortable ride, and, by some sources, better off-road ability than competing brand models. At the IAA 2005, Porsche announced it will produce a hybrid version of the Cayenne before 2010 (Porsche Cayenne Hybrid). Two years later, at the IAA 2007, Porsche presented a demonstration car of the Cayenne Hybrid and demonstration model of the Cayenne Hybrid's drivetrain (including all engines and batteries). Currently Porsche AG is preparing to introduce its Cayenne Hybrid to North American audiences at the Los Angeles Auto Show.

The Denver Audi dealer is open Monday through Saturday. Additional information about Prestige Imports and its inventory of Audi automobiles is available at the company's website at www.prestigeimports.net or at www.prestigeimportsespanol.net in Spanish.
