PR9.NET January 07, 2008 - Denmark – Mobile Weaver ApS, has announced today the launch of HTCSmartphone.net, a new application shop for HTC devices. This shop is powered by Mobile Weaver's premium mobile content solution Youpark.

HTCSmartphone.net provides an easy to navigate shopping opportunity for HTC device users that enables them to buy and download latest mobile software and games for all latest HTC devices including HTC Touch Crusie, HTC Touch, HTC Touch Dual, HTC P6500, HTC TyTN II, HTC P6300, HTC Shift, HTC S730, HTC S620, HTC P3350, HTC P4350, HTC P3600 and HTC TyTN.

The shop offers useful software for popular categories of Business & Professional, Travel, Lifestyle, Utilities, Entertainment and a lot more. After choosing their exact device model, users can easily access the broad software catalog of HTCSmartphone.net. The online storefront features some popular instant messenger like IM+ AIM®/iChat, MSN®/Windows Live™ Messenger, utility applications such as Pocket Controller-Pro and SecuBox for Pocket PC, some entertaining software like Sudoku Gold and VITO AudioNotes for Smartphone.

HTC Corp. is the world's leading provider of Windows Mobile®-based smart devices. These devices are famous for their cutting edge designs that showcase the power of Windows Mobile. HTC are continuously expanding their portfolio so that the customers can find the right Windows Mobile phone to suit their style at work, at home or on the go.

"HTC is one of the fastest growing devices in the mobile market and we're really excited on launching this new software shop for HTC devices. The web shop offers a differentiated shopping experience to HTC users where they can find all popular applications to enhance their work and life", says Umar Akram, Founder and Vice President of Mobile Weaver ApS.
