Thetalinks.com Scientology's online classifieds community is expanding. The site is experiencing large volumes of Scientology visitors logging onto the site across North America and Europe.

PR9.NET January 28, 2008 - USA, California - Thetalinks has been frequented by Scientology visitors since its inception in November 2006 and its popularity has been growing rapidly. Thetalinks is expanding into Canada and has users in Taiwan, Germany and South America.

Thetalinks user Jessica Stevens from Los Angeles, California says, "I love this site because it has a simple layout and it kind of works like a Craigslist for the Scientology community."

Thetalinks is run as a user based site so users can go online and post a classifieds ad in the city of their choice and it will go live instantly. To date Thetalinks has been visited by thousands of people around the world and many use it to post classified ads for jobs, housing, announcements and selling items.

###
