Vancouver, B.C.-based company provides online trading solutions

PR9.NET February 07, 2008 - VANCOUVER, B.C. – The National Futures Association (NFA) sthis week approved Trading Post Brokerage Services Inc. (TPBS) as a registered NFA Member and Introducing Broker.

"This is a significant step in the evolution of Trading Post," said President and CEO Jason Goldsmith. "We are now able to expand our ability to deliver valuable solutions to Forex and Exchange Traded Futures traders. Our NFA membership allows Trading Post to operate within a regulated environment allowing us to more confidently shape our vision of creating a global community of successful traders."

TPBS' NFA membership ID is #0372539 and can also be viewed by accessing the NFA website at: <http://www.nfa.futures.org/basicnet/Details.aspx?entityid=0372539&rn=Y>.

"We will be aggressive in partnering with licensed solutions providers, not just in the Forex market, but in other financial markets as well," said Douglas Sereda, VP, Advisory Services.

###

About Trading Post Financial

Trading Post Financial Services is the parent company of the Trading Post group of companies. Our business model is based on the development and multi-channel delivery of proprietary training products and services. We are also actively involved in co-development ventures, licensing and royalty arrangements through our Preferred Partner program. Our overriding objective is to enable our clients, no matter where they are, to easily access a variety of specialized training, technology and brokerage solutions.
