*Denver Porsche dealer Prestige Imports announces continuing focus on high quality selection and availability of Porsche 911s in combination with professional customer service.*

PR9.NET February 14, 2008 - Denver, Colorado – Prestige Imports today announced its continued focus on offering a wide selection of new and pre-owned Porsche 911 automobiles. Prestige Imports located in Lakewood, Colorado is an established Denver area Porsche dealer serving the Denver metro and Colorado Front range areas dating back to the 1970s. Prestige Import's inventory of Porsche 911s includes access to an extensive selection of new and pre-owned Porsche 911s. Prospective Porsche 911 buyers are invited to visit Prestige Imports to test drive a Porsche 911 of their choice.

The Porsche 911 has become a sports car icon for Denver, Colorado and Rocky Mountain region drivers. The car's basic design, with its large glass area, slim roof pillars and no-nonsense interior, remains unchanged. The Porsche 911 provides a comfortable and stress-free environment for the driver, unlike some competing sports cars. Under driving conditions the Porsche 911 is just as appealing, with a smooth power delivery, strong yet easily modulated brakes and ultra-responsive steering. Competing cars simply don't have the Porsche 911's solid build quality nor its compact dimension and uncluttered sight lines. The 2007 Porsche 911 comes in four main trim levels: Carrera, Carrera S, GT3 and Turbo.

The Denver Porsche dealer is open Monday through Saturday. Additional information about Prestige Imports and its inventory of Porsche 911 automobiles is available at the company's website at [www.prestigeimports.net](http://www.prestigeimports.net) or at [www.prestigeimportsespanol.net](http://www.prestigeimportsespanol.net) in Spanish.
