QuotesAuction.com is offering high quality insurance leads by separating them into individual categories.

PR9.NET February 16, 2008 - North Hollywood, CA – QuotesAuction.com (<http://www.QuotesAuction.com>) specializes in partnering with agents and brokers who purchase leads to increase business. By offering high quality leads that are separated by category, buyers have an easier time ensuring that they get exactly what they are paying for.

More and more agents are buying leads because they find this easier than marketing on their own. QuotesAuction.com understands this, and is devoted to selling leads that are broken down into different groups. Instead of lumping all health insurance leads (<http://www.QuotesAuction.com>) together, QuotesAuction.com categorizes them as medical, uninsurable, high risk, and low risk.

Buying leads can be stressful for agents and brokers. To help them make the right decision, QuotesAuction.com separates the good leads from the bad ones, and then offers them at an affordable price.

For limited time QuotesAuction.com is offering \$200 worth of free insurance leads. Go to <https://www.quotesauction.com/sign-up.htm> to learn more.
