Angel Medflight Worldwide Air Ambulance Services today announced the introduction of its One Touch Promise.

PR9.NET February 21, 2008 - Scottsdale, AZ - Angel Medflight Worldwide Air Ambulance Services today announced the introduction of its One Touch Promise.

With the One Touch Promise, Angel Medflight will arrange all aspects of patient transport with just one telephone call, says Jeremy Freer, President and CEO. This includes flights, ground transfers, insurance, authorizations, doctors, hospitals, equipment, medicines and anything else needed to make the patient comfortable.

According to Freer, the One Touch Promise is unique to the industry in that it not only lowers costs for patients and facilities but it also ensures continuity of care. Additionally, caregivers and loved ones can track the progress of a patient's journey on the company's recently updated website www.angelmedflight.com.

Based in Scottsdale, AZ, Angel Medflight provides comprehensive worldwide air ambulance services. It operates a fleet of fixed wing, 100% medically dedicated aircraft with fully trained medical and flight personnel. It is the only air ambulance service in the country to also offer ground ambulance transfers, whether in conjunction with or separate from air transports.

For more information, visit the website or contact Kelvin Tomes at (877) 264-3570.
