PR9.NET March 07, 2008 - Nicosia, Cyprus – Since its release in 2007, AVnex's AV Video Karaoke Maker has been an instant hit. It has a four star rating on C|Net's Download.com, and Audio4Fun.com is rated as the second most visited Music and Audio site on the web by Alexa.com!

With all this success is AVNex satisfied? Apparently not. The newest release of AV Video Karaoke Maker (version 1.0.22) will give fans even more reason to cheer. With greater stability and overall improvements to this free software, AVnex will likely win over even more converts.
