PR9.NET March 06, 2008 - Kharkov, Ukraine - Started three years ago, now Apartment Kharkov is well developed Kharkov apartment rental service. However the company offers more related services, such as interpreter's assistance for guest who don't speak Russian or Ukrainian, car rental and mobile phone rental services, and now a new service available – transfer services to Kharkov from Kiev.

The owner and administrator of Apartment Kharkov Olga Bulyga tells, "When you decide about coming to Ukraine you face the problem that most of international flights to Ukraine are arriving to Kiev, the capital of Ukraine. Of course it is convenient if your travel destination is Kiev, but what if you'd like to visit other cities, Kharkov for example?"

Available options for traveling from Kiev to other cities are train, bus and domestic flights. Domestic flights from Kiev to Kharkov are possible only twice a day – in the morning and afternoon, so if you arrive late at night you'll have to stay a night in Kiev, either to get to one of the Kiev hotels or find an accommodation for rent in Kiev.

There are 3 trains from Kiev to Kharkov – morning and evening express trains, and overnight train. But the problem is that you'll have to get from airport to railway station and you can't book tickets beforehand.

Bus is a convenient option as it goes right from Borispol airport and the trip takes around 7 hours, but be ready that you won't have much stops during the way and in Kharkov you'll have to find a taxi and explain to Russian speaking driver here your Kharkov apartment for rent is situated.

Knowing all this disadvantages of coming from Kiev to Kharkov, <http://www.apartment-kharkov.com> suggests to their clients to use a service of transfer from Borispol airport right to you apartment for rent in Kharkov."

Olga continues, "Our clients are met in the airport by our English speaking representative, right after the plane has landed in Borispol. When you leave the customs right at that moment you may get into car and get to Kharkov – no waiting, no tickets. Usually a trip takes around 6 hours, and you may make as many stops as you need. Maybe you'd like to have lunch on your way or buy some food at road shop, our representative will help you and assist you in any questions you may have. You will be taken right into you Kharkov accommodation without any delays, as our representative knows for sure where it is.

If you'd like to get more information about this safe and convenient way of arriving to you apartment rental you are welcome to visit our website at www.apartment-kharkov.com," concludes Olga.
