Denver Audi dealer Prestige Imports announces continuing focus on high quality selection and availability of Audi A6s in combination with professional customer service.

PR9.NET March 14, 2008 - Denver, Colorado - Prestige Imports today announced its continued focus on offering a wide selection of new and pre-owned Audi A6 automobiles. Prestige Imports located in Lakewood, Colorado is an established Denver area Audi dealer serving the Denver metro and Colorado Front Range areas dating back to the 1970s. Prestige Import's inventory of Audi A6s includes access to an extensive selection of new and pre-owned Audi A6s. Prospective Audi A6 buyers are invited to visit Prestige Imports to test drive an Audi A6 of their choice.

The Audi A6 is a mid-size executive car and is available in saloon and station wagon (Avant) body styles. The second generation A6 was also used as the basis for the allroad quattro. The new A6 was released in 2005. The car is visually an evolution of the C5, but is longer (492 cm), incorporates the new Audi trademark single-frame grille, and features more sophisticated technology. Most notable is the MMI (Multi Media Interface) which is a system controlling in-car entertainment, satellite navigation, climate control, car settings such as suspension configuration and optional electronic accessories through a central screen interface. On the engine side the new FSI direct injection technology was introduced for the first time outside the race track. Quattro four wheel drive is available in most of the lineup, and standard in the most powerful models. In 2005, the Audi A6 won the World Car of the Year award.

The Denver Audi dealer is open Monday through Saturday. Additional information about Prestige Imports and its inventory of Audi A6 automobiles is available at the company's website at www.prestigeimports.net.
