*Sherra Scott of Quality Practice Management Solutions receives VAccolade Business Entrepreneurial award.*

PR9.NET March 18, 2008 - ELGIN, SC – Sherra Scott, owner of Quality Practice Management Solutions, announced today that she is the recipient of the VAccolade Business Entrepreneurial award.

The VAccolade award not only recognizes participation at the Virtual Assistant Networking Association ([www.VAnetworking.com](http://www.VAnetworking.com)), but also recognizes the professionalism with which Scott presents herself on the web, thereby giving her more credibility amongst other Virtual Assistants.

"Virtual Assistants (VAs) are business owners who work from their own office providing professional support, services and skills to their clients via phone, fax and internet based technology. Partnering with a VA reduces stress, protects cash flow, eliminates administrative hassles, and enables business people to find the success they originally set out to achieve. A VA is your right hand person helping you to succeed in your business. The irony is you may never meet your VA as odds are they live nowhere near you!" (definition from [www.VAnetworking.com](http://www.VAnetworking.com)).

Scott's company specializes in providing small and home based businesses and entrepreneurs quality administrative support, bookkeeping and desktop publishing and is a home-based administrative professional providing various online services to her clients. She started her Virtual Assistant career when her previous employer was in the process of downsizing and asked if she would be willing to continue with her administrative and bookkeeping tasks from her home. Scott took the opportunity and after only four months had three clients, with more to follow.

In a recent survey from VAnetworking, the United States has the largest number of VAs, followed by Canada, Australia and Europe. Clients only pay for time spent on their projects. There's no need to pay for taxes, benefits, equipment, etc. VAs are hired on an hourly or a monthly retainer basis.
