Finally someone is listening to the trucking industry.

PR9.NET March 18, 2008 - Orlando, FL - Truck-Parts-Auction.com is a unique auction website dedicated specifically to bring truck part sellers together with buyers so everyone can get a better deal! They have designed the entire site for truck parts and equipment as well as some other interesting categories truckers will enjoy. It is simple to locate what you need under a specific category or store. Listing your items for sale is also a snap and registration is about as easy as signing your name.

Whether you are a Truck Driver, Owner Operator, or a Truck Fleet Owner, Truck-Parts-Auction.com is making it easy for you to auction or find just what you need at a price you can afford, and it's about time.

Truck-Parts-Auction.com is a business built by professionals who are all in the trucking industry. Together they have over 200 years of combined knowledge in the sales, parts, repair, and the maintenance side of the trucking industry.

Right now they have a special deal going; you can list any item(s) on auction or place a want-ad for that part you have been looking for from now through June 8th for free.

That means that you can have thousands of visitors a day looking at your item(s) for almost 90 days at no cost. It can't get much better than that. We all have a few extra parts that we need to get rid of in the shop?

The Frequently Asked Questions (FAQ) page answers the basic questions, like how to join, bid, auction an item, or keep track of your bidding or selling, very simple.

You will need to be eighteen to register because auctions are legally binding contracts.

The trucking professional now has an alternative to the high costs associated with the monopoly that has become the auction industry. So spread the word to your friends and co-workers, "Truck-Parts-Auction.Com is the place to be".
