Saxon International Resources a leader in energy and trading has just released a new solutions based website.

PR9.NET March 23, 2008 - Green Cove Springs, FL - Saxon International Resources a leader in energy and trading has released its new website on March 21th 2008. The new look and feel of the website is innovative and solutions driven. We are a solutions based company and want our customers to know that we offer them the latest technology providing better solutions for tomorrow.

Some of the new features www.SaxonIntl.com will provide include: an innovative look, enhanced graphics, "Important Issues" that our industry and consumers are facing (including: Energy, Bioenergy, Ethanol, Commodities, and Agriculture), Company Announcements, and Projects that Saxon International Resources are currently involved in.

Saxon International Resources has a proven track record with over 35 years of experience supplying real solutions to companies globally in the following areas: Energy, Trading, Development, and Solid Separation Technologies.

Some of Saxon International's advanced solutions include Alternative Energy Solutions, Trading of Enriched DDGS and other Feed Stocks, ECO-Clear a Solid Separation Technology Returning Liquids back to what Mother Nature intended them to be, and much more. Saxon's engineers and technicians can conduct feasibility tests to determine if your process is physically and economically feasible. They do everything to help the environment and your bottom line.

Visit their new website and see how Saxon International can help you maintain your current investments and help provide you with better solutions for the future.

###
