Denver's Mile High Honda announces continuing commitment to providing high quality car leasing plans for Denver and Colorado area customers

PR9.NET March 27, 2008 - Denver, Colorado - Mile High Honda today announced featured offerings of competitive car leasing programs and options. Mile High Honda located in Denver on South Havana is an established Denver Honda dealer of more than 20 years serving the Denver metro and Colorado Front Range areas. Its selection of car leasing options in Denver is the result of years of experience in both car leasing and sales.

While the option of car leasing may not be the right choice for every customer, for many it is. Car leasing advantages may include items such as the following:

- Lower Monthly Payments

Because you only pay for the portion of the automobile that you actually use, your monthly payments are usually much lower than for a purchase loan for the same car and same term.

- More Car, More Often

Since your monthly payments are lower, you get more car for the same money and drive a new vehicle every two to four years, depending on the term length of your leases.

- Fewer Maintenance Headaches

Most people like to lease for a term that coincides with the length of the manufacturer's warranty coverage so that if something goes wrong with the car, the repairs are always covered.

- No Used-Car Hassles

With leasing, the headaches of selling a used car are eliminated. When your lease ends, you simply turn it back to the leasing company and walk away, unless you decide to buy it or trade it.

Mile High Honda combines the availability of car leasing programs with its excellent service and full Honda dealer support. The Denver Honda dealer is open Monday through Saturday. Additional information about Mile High Honda and its inventory of Honda Elements is available at the website listed below.
