*The Leading Integrator of Barcode and RFID Data Capture and Mobile Computing Systems*

PR9.NET March 28, 2008 - Hertfordshire UK – Barcode-UK.com ( <http://www.barcode-UK.com> ) specializes in inventory management software, asset tracking software and be-spoken software solutions.

The company is a total solutions provider, offering a full range of wireless solutions, including: mobile computers, barcode scanning equipment and much more.

"We strive to improve a customer's operations and profitability through the use of automatic capture systems that leverage the power of leading edge technology," said one of the company directors.

Barcode-UK.com ( <http://www.barcode-UK.com> ) offers a full selection of products from the following manufacturers: Motorola/Symbol, Zebra, Datamax, Intermec, Paxar Monarch, Cisco, Fargo, ScanTech ID, Datalogic, HHP and many more. The company provides competitive pricing with fast delivery.

"We believe in our company's website and pricing so much, that we have implemented a policy that we will meet or beat a competitor's price on the identical item. We have long been considered a leader in this industry, and with the expansion of our online store, we want our customers to feel confident that they are receiving the best price on the equipment that they are purchasing," said one of the company directors.

No matter what you are looking for with regards to barcode and RFID technology, you will find the solutions and the most competitive pricing on their expanded company website.

###
