Kangen water brought to the US from a venerable Japanese company is making waves. Change your water, Change your body, Change your life.

PR9.NET March 27, 2008 - Lakewood, NJ, USA - Aquamiracles.com, a health promoting site deals exclusively with Kangen water. The popularity of Kangen water has been surging in recent months, attracting thousands of people looking for ways to "turn back time" and live a health conscious life. The "Baby Boom" generation is advancing in years with millions approaching (or having already reached) age 60 every month. So its no surprise that there is an upsurge of interest about attracting wellness, improving health and slowing the aging process.

According to experts, subtle changes in the PH of the body's "inner sea" can affect overall health, feeling of wellbeing, level of fatigue, pain, weight and athletic performance. Ph balance and acid buffering are crucial to human health and slowing the age process.

In Japan, hospitals and clinics have used purified, electrically restructured, hexagonal, ionized, alkaline water known as Kangen Water, for over 30 years to treat a number of disease conditions. According to peer reviewed scientific studies that have been performed in well respected universities and hospitals around the world, (see www.KangenResearchReports.com) drinking Kangen water can:

- *Release excess body fat and stored toxins
- *Normalize blood sugar and insulin
- *Normalize blood pressure
- *Support healthy colon function
- *Resolve urinary tract infections
- *Relieve asthma and chronic respiratory infections
- *Stop abnormal gastro-intestinal putrefaction
- *Reduce proliferation of candida, fungus, and undesirable microforms
- *Reduce chronic pain
- *Improve wound healing

Dr. Hiromi Shinya, world renowned colon specialist and the pioneer of modern colonoscopic techniques has been quoted as saying that 90 percent of body ailments and diseases originate in the acidic and dirty colon. While there is nothing better than pure water to cleanse the colon, ordinary tap and even bottled water are not as pure as you might think.

Dr. Shinya endorses Kangen water an antioxidant, alkaline, ionized water, and uses Kangen water for various treatments and ailments, as it has proven to clean, heal and maintain a healthy colon. It has been reported to have helped in the healing of skin disorders, diabetes, obesity, cancers etc.

As Dave Perkins a terminal cancer survivor stated, "Kangen water has been the most important factor to my health and wellbeing."

Kangen water is now available to US consumers. The medical device used in Japanese Hospitals and clinics to achieve results can now be purchased for home use. As Dr. David Carpenter, ND says "I think drinking hexagonal Kangen water is the most important thing a person can do for his health."

Aquamiracles.com was founded in 2006 to provide consumers with Kangen water. The site offers a range of articles, research materials, testimonials, and video demonstrations for the health conscious consumer.
