*Denver's Mile High Honda announces continuing commitment to providing high quality Honda Fit sales and service for Denver and Colorado area customers.*

PR9.NET March 28, 2008 - Denver, Colorado - Mile High Honda today announced its continued focus on offering a wide selection of new and used Honda Fits. Mile High Honda located in Denver on South Havana is an established Denver Honda dealer of more than 20 years serving the Denver metro and Colorado Front Range areas. Mile High Honda's inventory of Honda Fits includes a broad selection of new and pre-owned vehicles. Prospective Honda Fit buyers are invited to visit Mile High Honda in Denver to test drive a Honda Fit.

The Honda Fit is a five-door hatchback automobile that was first introduced in June 2001. The Fit went on sale in the United States and Canada in April of 2006 as a 2007 model year vehicle. It replaced the Civic hatchback for North America. The Fit takes over for the Civic as Honda's chief entry-level subcompact. In keeping with Honda's safety initiative, the Fit is offered in North America with standard side airbags, side-curtain airbags, and ABS, in addition to the mandatory front airbags. Due to differing safety regulations, North American Fits have larger bumpers than the rest of the world, resulting in a slight increase in overall length. For the 2008 Model, US models come with a government mandated Tire Pressure Monitoring System (TPMS) to alert the driver of low pressure in any of the 4 stock wheels. Awards include Best Economy Car for 2008 from U.S. News & World Report and Top 10 Urban Vehicles for 2008 by Cars.com.

Mile High Honda combines the availability of the Honda Fit and other cars and trucks with its excellent service and full Honda dealer support. The Denver Honda dealer is open Monday through Saturday. Additional information about Mile High Honda and its inventory of Honda Fits is available at the websites listed below.
