Award Winning Online Jewelry Store Plans to Launch a Marketing Campaign to Target Potential UK Clients.

PR9.NET March 28, 2008 - LOS ANGELES, CA - World Jewels is a world class online store that specializes in providing their customers with elegant high quality jewelry such as engagement rings, stud earrings, and more. Amazingly, this leading jewelry online store is very unique in the fact it is able to design any jewelry to the exact taste and desire of its clients. Also offered, is free FedEx shipping and no sales tax on all orders.

WorldJewels is extremely successful in the United States and now has its eyes set on the United Kingdom and will advertise its 30-day money back guarantee along with their free shipping to the UK. To add a very distinct and personal touch, web browsers of the United States and UK will be able to view product videos of rings.

###

About Flashecom Inc.

Flashecom is a leading ASP (Application Service Provider) development company, providing small to medium-sized businesses with industry leading eCommerce solutions. We use the latest technologies, our company provides retailers and wholesalers with the tools they need to establish, manage, and grow a reliable online store. We provide an array of extensive web-based management tools and utilities, giving businesses of all types and size a scalable product—one that grows with their business, accommodating each item on their growing list of needs. In other words, no business that starts small intends to stay that way, and Flashecom's solutions accommodate that growth, helping you manage a business with 2 or 2000 employees.
