San Diego, California, March 14, 2008-- Ticket Relief has recently announced that its online traffic school course has been edited by a professional editor to assist in improving driving skills of drivers over the age of 16 years in the United States and especially in California.

PR9.NET April 07, 2008 - San Diego, California - Ticket Relief has recently announced that its online traffic school course has been edited by a professional editor to assist in improving driving skills of drivers over the age of 16 years in the United States and especially in California.

This online traffic school course focuses on educating drivers to adopt safer driving practices and to be aware of various driving hazards. This, in a way, allows residents of California to reduce their insurance costs, reduce penalty points and to increase personal driving safety.

This online traffic school course is designed by a professional and addresses state-specific and general traffic-related topics. The topics covered in "Online Traffic School Defensive Driving Course" are California-specific traffic rules and regulations such as speed limits, traffic signals, road side markings, laws etc. Other aspects covered through the course are various defensive driving strategies and notions such as sharing the road, tackling angry drivers, negotiating rush-hour traffic, handling different driving challenges and tackling different kinds of driving offenses and impairments. The course revolves around safe driving tips, traffic safety guidelines, life saving strategies and emergency driving behavior.

By taking this Online Traffic School Defensive Driving Course, there is no need of physically visiting a traffic school class room and wasting your valuable time. The primary aim of Ticket Relief online traffic school course is to refresh the knowledge of drivers and thereby reduce the traffic hassles. While pursuing this online traffic course, one is facilitated with information on safe driving skills. Online Traffic School Defensive Driving Course concentrates on issues like driving in different natural environments (weather and road condition) as well as various human environments (within the city, out on the free, transit or express ways and in the typical rush-hour traffic).

Defensive and safe driving is an essential form of driving, meant to be acquainted by every automobile user. Ticket Relief facilitates an online training on the same.

Some of the main features of Ticket Relief Online Traffic School Defensive Driving Course are:

1. Internet enabled learning
2. Self-paced course
3. No classroom visits or wastage of time
4. Live guidance through customer support staffs
5. Supported by driving safety professionals

On being asked to highlight the features of Traffic School Defensive Driving Course, Travis Ferreira, CEO of Ticket Relief said, "Our goal at Ticket Relief is to give every user the convenience of clearing a traffic ticket from the comforts of their home."
