*Denver Audi dealer Prestige Imports announces continuing focus on high quality selection and availability of Audi A8s in combination with professional customer service.*

PR9.NET April 14, 2008 - Denver, Colorado - Prestige Imports today announced its continued focus on offering a wide selection of new and pre-owned Audi A8 automobiles. Prestige Imports located in Lakewood, Colorado is an established Denver area Audi dealer serving the Denver metro and Colorado Front Range areas dating back to the 1970s. Prestige Import's inventory of Audi A8s includes access to an extensive selection of new and pre-owned Audi A8s. Prospective Audi A8 buyers are invited to visit Prestige Imports to test drive an Audi A8 of their choice.

The Audi A8 is a full-size luxury executive car built by Audi to replace the V8 model. First brought to the market in 1994, most versions of the A8 have featured quattro all-wheel-drive as standard as well as a Multitronic or Tiptronic automatic transmission. Two generations of the A8 have been produced in both short and long wheelbase form.

The second-generation A8 built on Audi's D3 platform was introduced in early 2003. The model was longer than the previous generation, with room for four or five large adult occupants in the cabin depending on rear seat configuration. Two body variants of the second generation A8 are offered, the A8 and the long-wheelbase A8L. The A8L adds five inches of rear legroom. The second-generation A8 introduced the 4.2 L Diesel V8 engine. Generating 240 kW of power, it's the most powerful diesel engine Audi has ever offered in a passenger automobile. For 2008, the A8 received new electronic safety systems. 'Audi Side Assist' detects cars in the A8's blind spots, and helps when the driver attempts to change lanes without signaling first.

The Denver Audi dealer is open Monday through Saturday. Additional information about Prestige Imports and the availability of the Audi A8 automobile is available at the company's website at [www.prestigeimports.net](http://www.prestigeimports.net).
