A Virtual Business Solution receives VAccolade Business Entrepreneurial award.

PR9.NET April 16, 2008 - Knoxville, TN – Terri Brooks, owner of A Virtual Business Solution announced today that they are the recipient of the VAccolade Business Entrepreneurial award.

The VAccolade award not only recognizes participation at the Virtual Assistant Networking Association (www.VAnetworking.com), but also recognizes the professionalism with which Brooks presents herself on the web, thereby giving them more credibility among other Virtual Assistants.

"Virtual Assistants (VAs) are business owners who work from their own office providing professional support, services and skills to their clients via phone, fax and internet based technology. Partnering with a VA reduces stress, protects cash flow, eliminates administrative hassles, and enables business people to find the success they originally set out to achieve. A VA is your right hand person helping you to succeed in your business. The irony is you may never meet your VA as odds are they live nowhere near you!" (definition from www.VAnetworking.com).

Brooks company specializes in assisting Internet marketing professionals (ecommerce), as well as graphic and website design, database development and management and general administrative support and is a home-based administrative professional providing various online services to her clients. She started her Virtual Assistant career to use her 35+ years of administrative and management experience to help other business owners and to fulfill her dream of becoming a business owner.

In a recent survey from VAnetworking, the United States has the largest number of VAs, followed by Canada, Australia and Europe. Clients only pay for time spent on their projects. There's no need to pay for taxes, benefits, equipment, etc. VAs are hired on an hourly or a monthly retainer basis.
