*Winn Technology Group has signed up 19 new clients in the first quarter of 2008*

PR9.NET April 17, 2008 - PALM HARBOR, Florida - Winn Technology Group, a leading marketer of business-to-business technology products and services, announces that it has acquired 19 new clients since the beginning of 2008. Contracting with Winn for Demand Generation, Event Promotion, Database Services, and Channel Marketing, these new clients provide a wide array of technology products and services including:

- Authentication/Smart Cards
- Network Security
- Recruiting Solutions
- Software Development
- Banking Software/Services
- Enterprise Asset Management
- Contact Center Solutions
- Consulting/Systems Integration
- Security Software
- Litigation Support Software
- Online Investor Relations
- Information Management Solutions
- Internet Analytic Software/Services
- Telecommunications Equipment

In addition to the 19 companies utilizing Winn Technology Group's services for the first time, another 26 technology companies have renewed their business relationship with the marketing service provider for a total of 45 technology providers engaging Winn in the first quarter of 2008.

Geoff Swallow, Winn Technology Group's President and CEO, commented, "Given the current state of the US economy, we are very pleased with our sales performance to date. Our customer satisfaction rate remains steady at greater than 90%, and our 19 new client acquisitions will help ensure a strong second quarter for us."

###
