Innovative open system Network Video Recording (NVR) and networking over Power Line (PLC) infrastructure manufacture expands Presence in Territory

PR9.NET April 18, 2008 - Nashua, NH – Aboundi Inc., the innovative Electric Connect® and WebEyeAlert® vendor announced the appointment of F. M. Valenti Inc. as its manufacturer's representative for the New England, New York area and Mid-Atlantic regions today. Aboundi is a leading company in providing commercially advanced and innovative IP based Open System Remote Video Security/Surveillance Monitoring and Management Platform solutions to the Enterprise, Small to Medium sized Businesses (SMB) and Multi Dwelling Units (MDU) encompassing their existing Power Line as the networking infrastructure.

"The F.M. Valenti group is a long standing and well established sales organization on the Northeastern US with highly respected credibility," said Hong Yu, President and CEO of Aboundi Inc. "We are most delighted and will benefit enormously by associating with such reputable organization and the prospect to quickly gain mind shares among their network of dealers, VARs and Distributors."

"We have over forty years of history servicing and supporting the AV and Security marketplace," elaborated by Steve Valenti, one of the Principals. "We are committed to assist our principal manufacturers further develop market penetration for those products we represent. We like Aboundi's value propositions that will benefit the System Integrators (SI) and Value Added Resellers (VARs) to the Enterprise, Small to Medium sized Businesses (SMBs) and Commercial applications.

About F.M. Valenti Inc.

F. M. Valenti, Inc. (FMV) was established in 1967 by Francis Michael Valenti to serve both the Audio-Visual and Security marketplaces. Founded on the belief that we can bring the best service and support to our dealer base, FMV has successfully gained the reputation as the premier Manufacturer's Representative Firm in the Northeastern United States.

About Aboundi, Inc.

Aboundi Inc.'s Electric Connect® solution is designed to enable high speed Ethernet packets to traverse over many different transmission mediums: in-premise electrical wiring, extended distance for twisted pair wires and long distance coaxial cables. This 'versatile wiring' capability allows us the vast opportunities of solving many physical networking infrastructure connectivity deployment related problems cost effectively and spans across many market segments in applications. Aboundi sells products worldwide through its authorized Distributors and Solution Partners. www.aboundi.com
