"All about Blind is the leading provider of wood blinds and other window covers which sells all its product all around the world, and has the sole motive to give its customers the high-ended quality products. Its latest collection of discount faux wood blinds offers the less expensive rates and provides high-class material to the customers. Its latest designs and affordable prices are matchless from the other faux wood blinds.

PR9.NET April 24, 2008 - Alexandria, LA - Acknowledging the rising trend of window coverings like faux wood blinds and wood blinds, allaboutblindandshutters.com, the leading supplier of window coverings has launched a comprehensive range of discount faux wood blinds to its customers world wide. All the latest collection of faux wood blinds is available on the discounted prices with high quality standards. As per the company sources, all the material used in faux wood blinds are similar to the real wood blind material and customers can not differentiate amid the wood blind or faux wood blind.

"If people want to decorate their home with a wood like window blind but not exactly the wood blind then our discount faux wood blind which is made from the vinyl and hardwood is a better option for them. It not just provides a look of wood like window cover but also gives an elegant look to the house" claimed Mr. Larry black, the founder of the company. "Our discount faux wood blind are affordable and people can easily buy them. Moreover, instead of buying real wood blinds which are generally expensive, discount faux wood blinds are a better option" he further said. All about blinds offer a wide range of discount faux wood blinds and are generally provides a varied range of styles and designs to the customers. However, these wood blinds can easily be installed anywhere in the house and easily be cleaned whenever required. According to the company, all the discount faux wood blinds are now available in more sizes and designs; therefore, people can now have a lot of easy to buy options, if they want faux wood blinds.
