After undergoing months of overhaul, Integrity Hypnosis owners Michael Kostyzak and Vikki Zilonis, CH finally announced the Grand Opening of IntegrityHypnosis.com, which provides Clinical Hypnotherapy, Alternative Healing and Counseling Services to clients around the world.

PR9.NET May 02, 2008 - Pittsburgh, PA – Integrity Hypnosis announced the completion of their website today with a variety of innovative new options for their Hypnosis clients. Along with offering their clients in-office Hypnosis sessions, telephone and virtual sessions, Integrity Hypnosis introduced "TeleGroup Hypnosis" and the launch of "Create a Customized Hypnosis Session on CD". These two new and innovative programs are a hot ticket during a time when gas prices are soaring to record highs.

"Our TeleGroup Classes are perfect for those people who want to experience top quality Hypnosis at an economical price, while relaxing in the comfort of their own homes. Our clients receive quality Hypnosis sessions from our Doctor of Clinical Hypnotherapy and Medical Doctor on staff, who have been successfully treating thousands of clients for over 30 years", says Michael Kostyzak, President of Integrity Hypnosis. "Our medical doctor on staff has dedicated one of his TeleGroup classes to helping Veterans receive care for Post Traumatic Stress Disorder and Major Depression, issues that are plaguing nearly 1 in 5 of our troops. Dr. Len Kaplan, MD has many years of experience working with Veteran's Affairs and wants to continue helping our Veterans of Iraq and Afghanistan through Integrity Hypnosis. It's an honor to have him representing us".

Dr. Marianne Zaugg, PhD. and Doctor of Clinical Hypnotherapy, has offered her expertise to the TeleGroup in helping clients achieve weight loss goals and smoking cessation. "Hypnosis is the tool to re-program your behavior and conditioning, assists in lowering anxiety associated with food, curbs compulsive comfort eating, increases energy and metabolism, motivates clients to be active and make better food choices. Hypnosis will give you the tools to create long lasting positive effects for weight loss", says Dr. Marianne. "Hypnosis has proven to be extremely successful in helping people stop smoking. Hypnosis assists a smoker to end their addiction, eliminate cravings, reduce daily stress caused by nicotine, eliminate discomfort of physical withdrawal and also manages the fear of weight gain."

Vikki Zilonis, CH, Vice-President of Integrity Hypnosis, launched her virtual office for Customized Hypnosis Cd's. "When a client customizes their own Hypnosis CD, we can pinpoint the root or cause of the issue at hand and design a Customized Hypnosis Session tailored specifically to their needs". Customized Hypnosis CD's are almost like an in-office session. Clients receive the same quality attention and care as an in-office session, the only difference is that no traveling is required. And with the rising cost of gas, this is a welcomed benefit to most Americans today". In addition to the Cd, Vikki offers an interactive discussion forum, email and live chat support to all of her clients.

Integrity Hypnosis, LLP was formed in September 2007 by Michael Kostyzak and Vikki Zilonis. Today, they connect clients to nearly 150 Hypnotherapists nationwide. Now, with the addition of the TeleGroup and the Customized Cd's, they are now able to help thousands of clients nationwide. "Vikki and Michael are a first class act. I am proud to be part of their growing organization", Dr. Anthony Mullen.
