*Value Compare has created a simple yet powerful tools that allow consumers to compare the features and pricing of numerous Website hosting companies.*

PR9.NET May 02, 2008 - Fort Worth, Texas - See Fusion Search Marketing Inc. today launched Value Compare (<http://www.Value-Compare.com>) their new Website hosting comparison tool which allows consumers to easily shop for a hosting service by price and 15 additional key metrics. Selecting a Web hosting company can be a daunting task. Value Compare makes it easy by bringing everything a consumer needs to make an informed decision, to one Website.

The Value Compare system is easy to use and understandable with a side by side analysis of features offered by each service. Charts can also be customized to fit the specific hosting needs of each user. The sixteen point comparison chart includes: Monthly Pricing, Sign-up costs, Hidden Costs, Web Design Tools, Number of Free Domains included, Disc Space, Monthly Data Transfer, E-mail accounts, E-commerce Options, Security, marketing Packages, Reporting Tools, Database Support, Scripting Support and Customer Support.

A shopper looking for a hosting service for their Web site could spend hours, even days gathering data and comparing information and pricing. With Value Compare all that data and pricing information has been gathered for them into one location at: <http://hosting.value-compare.com>

"The new Website hosting comparison service is a real time and money saver." said Winston Williams President of See Fusion Search Marketing. "We've put a great deal of effort into creating a service that is easy to use, saves time and brings a real value to consumers."

Accredited media interested in scheduling an interview to discuss this release are encouraged to contact Winston Williams at [value-compare@seefusiontech.com](mailto:value-compare@seefusiontech.com) or call (817) 339-6151.
