Announcing the release of Wavtracks royalty-free full length tracks on trakAx.com

PR9.NET May 13, 2008 - Dublin, Ireland - trakAx.com is delighted to announce the release of our new Royalty-Free Full Length Tracks produced by Wavtracks.

These full length tracks are ideal for people looking to use royalty-free stock content for TV, Radio and Web advertisements, professional and home-made videos, podcasts, corporate and educational websites, telephone on-holds and game design. Our music library includes the latest genres such as Modern Pop/ Rock, Classic Rock, Modern Country, Hard Rock and Metal, Punk Rock and World Music.

Wavtrack's music has been included on videos for:

- Independent Films
- Podcasts
- Surfing Videos
- TV Commercials
- Radio Ads
- Film Schools
- Sky Diving and Extreme Sports Videos
- Diving Videos
- 4WD and Off-Road Videos

Wavtracks is a music company based in Sydney, Australia. Wavtracks cater mainly for the semi-professional video producer and/or editors and have seasoned writers, producers and musicians based in Sydney, Los Angeles and Austin, Texas. Wavtracks's music library is recorded with REAL instruments and REAL producers in REAL studios.

Prices start from as low as US\$12.99 for royalty-free tracks and this has to be some of the best quality stock music on the web.

The TrakAx team has also teamed up with renowned Music Producers Loopmasters, Zero-G and Equinox Sounds to include their professionally-produced loop content in our trakPack library.

These Producers are totally dedicated to sampling, sound FX and music production, and makes sounds for people who are equally dedicated to music making.

These Producers are some of the world's largest content providers specialising in music samples and sound effects for today's professional and amateur music producers. These high quality, low cost, royalty-free loops start from as little \$1.99 per trakPack (bundles of 10 loops/beats).
