Microtel Inn in Cabanatuan, Nueva Ecija, Philippines unveils its newly empowered website www.microtel-cabanatuan.com with a revolutionary reservation system that offers instant confirmation online.

PR9.NET June 12, 2008 - Cabanatuan City, Philippines – A new reservation system that offers instant confirmation online has landed on Microtel Inn & Suites Cabanatuan's official website which makes it easier for guests to book rooms directly with the hotel. They can just login and reserve rooms in the confines of their own homes. Safe and convenient, this new reservation system is protected with a 128-bit encryption technology powered by WorldPay, a Royal Bank of Scotland Company. With this, guests are assured that all information and money will remain secured and safe.

Another feature of the system is the 14-day view of room availability shown in real time. This makes it easy for guests to choose and book rooms according to their preference and financial capability. With a minimal deposit of 10% which is later on deducted from the total room cost, guests are guaranteed a room upon their arrival at the hotel. The transaction is uncomplicated and surprisingly fast. Each booking is documented by an email sent to the guests' email address which also serves as their confirmation.

Consistency, quality, and reasonable prices coupled with great service - this is what every visitor will find when they stay at Microtel Inn & Suites Cabanatuan. Opting to offer guests basic amenities without sacrificing efficiency and comfort, this hotel in Nueva Ecija is able to provide an affordable accommodation that doesn't feel like you're on a budget. And it is the same with all Microtel Inns and Suites anywhere in the country. For more information about the hotel, log on to www.microtel-cabanatuan.com.

Microtel Cabanatuan's reservation systems was enabled by DirectWithHotels, an online reservations specialist that helps hoteliers maximize their official websites allowing them to benefit from improved profitability, occupancy, and guest loyalty.
