*BSL Group's BSL Containers, a well known manufacturer and supplier of storage, shipping and specialty containers has been awarded high quality standard certifications for all their products.*

PR9.NET June 13, 2008 - Kowloon, Hong Kong - BSL Group's BSL Containers, a well known manufacturer and supplier of storage, shipping and specialty containers has been awarded high quality standard certifications for all their products.

BSL Containers manufacturer supplies and exports ISO certified quality steel shipping containers throughout the world. Some of their fast moving products are 10' ISO High Cube, 20'-6' Storage Container Sets, Open Top Containers, Double Door Containers etc. BSL Containers employs an independent Quality Assurance System for all of their products. ISO Certificates and Classification Certificates for production quality control are available for all BSL containers

Following are the quality certifications awarded to BSL Containers' products. All their containers satisfy the following requirements and regulations, unless otherwise specially mentioned:

## ISO Container Standards (1CC Type)

ISO 668 - Series 1 freight containers - Classification external dimensions and ratings (except internal length) (4th Edition 1988)

ISO 830 - Terminology in relation to freight container (1st Edition 1981)

ISO 1161 - Series 1 freight containers - Corner fittings specification (4th Edition 1984)

ISO 1496-1 - Series 1 freight containers - Specification and testing.

Part 1: General cargo containers for general purposes (5th Edition 1990)

ISO 6346 - Freight containers - coding, identification and making (3rd Edition 1995)

## T.I.R. Certification

All of BSL Containers' products are certified and comply with "The Customs Convention on the International Transport of Goods under the cover of T.I.R. Carnets" or "The Customs Convention on Containers".

## C.S.C. Certification

All the containers are also certified and comply with the requirements of the "International Convention for the Safe Containers".

## Classification Society

All the containers are certified for design type and individually inspected by the classification society.

BV: Bureau Veritas (France)

ABS: American Bureau of Shipping (USA)

LR: Lloyd's Register of Shipping (UK)

GL: Germanischer Lloyd (Germany)

CCS: China Classification Society (P.R.C)

## Hempel Marine Paint System

All the containers (interior and exterior) use the Hempel epoxy paint system

When asked what sets them apart from their competitors, a top management executive of BSL Containers said, "Providing the BEST SERVICE, BEST PRICE and BEST QUALITY are our objectives for every client"
