Sungei Wang Hotel in Kuala Lumpur, Malaysia introduces a reservation system on its website (www.sungeiwanghotel-kualalumpur.com). The new system offers instant confirmation and displays a 14-day calendar of room availability and rates.

PR9.NET June 18, 2008 - Kuala Lumpur, Malaysia – Sungei Wang Hotel now uses the latest technology for online booking. Its newly launched reservation system on its official website (www.sungeiwanghotel-kualalumpur.com) makes the process of securing Kuala Lumpur accommodation online a more convenient one.

The new system not only speeds up confirmation time, it also displays real-time room availability and rates for a period of 14 days. This handy online calendar allows prospective guests to choose rooms based on their preferences – budget, date of stay, and accommodation type. All reservations made using the system are payment-guaranteed. A minimal fee of 10%, which will be deducted from the total room charge, assures guests that their chosen room type is ready and available once they arrive at Sungei Wang Hotel.

Reservations are confirmed via an automated e-mail immediately after the transaction.

Among hotels in Kuala Lumpur, Sungei Wang Hotel is one of the few that really has a prime location. It is located in Bukit Bintang, one of the city's popular hotspots for shopping, entertainment, and dining. Complementing the strategic place are modestly designed and fully furnished rooms, which provide guests with some breathing space from the city bustle. The hotel also has a restaurant that serves authentic Middle Eastern cuisine. For more information on other facilities and services, visit www.sungeiwanghotel-kualalumpur.com.

Sungei Wang Hotel's new reservation system is powered by DirectWithHotels, a reservations performance partner. The company teams up with accommodation providers worldwide, helping them maximize the potentials of their websites, increase occupancy rates, and boost profit.
