InvestorIdeas.com Global Marketplace Update; Connecting Green Companies Seeking Funding, Acquisitions, Licensing, Management.

PR9.NET June 25, 2008 - POINT ROBERTS, Wash., Delta B.C., - www.InvestorIdeas.com, a leading online global investor resource, updates the Investor Ideas Global Marketplace and the Global Green Marketplace for green and renewable energy companies with recent additions of cleantech companies as well as an organic restaurant start-up.

Companies in greentech include a broad range within renewable energy from geothermal to green engine technology to green oil, solar technology and more. With the growing global interest in green technology the Marketplace has become more active in terms of queries on both sides of funding and development from both the companies in the sector and the funding entities seeking opportunities.

The recent changes also include a new sign-up page for both companies and accredited funding entities.

View Marketplace: <http://www.investorideas.com/marketplace/>

The Marketplace is a meeting place created for connecting global companies in leading sectors, seeking strategic partnerships, funding, management, mergers and acquisitions, licensing or branding. The Global Green Marketplace has a growing network of green and renewable energy companies seeking funding /partners, management and a growing global network providing venture capital and equity funding with an intention to go public. Investorideas.com was one of the first online investor resources providing in-depth information on renewable energy – with its Renewableenergystocks.com portal.
