The Hotel Selesa Johor Bahru website is now capable of accepting direct reservations and issuing instant confirmation online.

PR9.NET July 25, 2008 - Johor Bahru, Malaysia – In keeping step with the changing booking habits of travelers, Hotel Selesa Johor Bahru's official website, www.selesahotelsresorts.com/johorbahru now makes use of a more efficient reservation system which is capable of delivering instant confirmation online.

Faster and undoubtedly more efficient, the new system employs a two-week calendar which displays real-time room availability and rates, giving guests the liberty to choose room types according to their preferred date of stay.

Once done with the selection, guests need to secure a reservation guarantee by paying a 10% deposit which will be deducted from the total room charge. This way, they are assured that the accommodation they booked is ready and available once they arrive at this premier business hotel in Johor Bahru. Upon receipt of payment, guests are immediately notified through an automated e-mail.

Hotel Selesa Johor Bahru is truly a business hotel in a league of its own. This first-rate 4-star hotel offers supremely indulgent Johor Bahru accommodation with the most modern amenities. It also has an inimitable suite of business facilities that can impress even the most seasoned business professional. Apart from its business facilities, hotel also boasts an array of leisure offerings which include a sauna, swimming pool, restaurants and an exclusive cocktail lounge.

To know more about the hotel's accommodation, facilities, rates, and location, visit www.selesahotelsresorts.com/johorbahru

Hotel Selesa Johor Bahru's capability to deliver fast and secure online reservations with instant confirmations and payment guarantees is made possible through its partnership with DirectWithHotels. The company is a direct online reservations service provider that specializes in maximizing the performance of websites to help accommodation providers achieve increased occupancy, enhanced guest loyalty, and improved profitability.
